COUNTRIES

Tier 1: High Spending / Tech Adoption

United States, Great Britain, Germany, Japan

High concentration of professional federations, private coaching academies, and budget for high-end analysis tech.

Tier 2: Sprint Powerhouses

South Africa, Botswana, The Bahamas

Dense populations of elite sprinters and emerging federations.

Tier 3: Strategic Growth Markets

Canada, Netherlands, Australia, France, Italy, China

Strong Olympic-cycle funding and active sports-tech ecosystems. France is particularly high-value following the post-Paris 2024 digital engagement boost.
